A NEW CHAIRMAN.

William Gunn Placed at the Head of the County Board.

William Gardner, the retiring chairman of the county board of supervisors of Rock county, called the special meeting to order at two o'clock this afternoon. Every member was present, and the election of a chairman was at once announced. C. C. Keeler, of Beloit, nominated William Gunn. A motion was made to instruct the clerk to cast the entire vote of the board for Mr. Gunn but this was decided to be out of order.

An informal ballot was taken, resulting in the choice of Mr. Gunn by an unanimous vote. The ballot was then declared formal and Mr. Gunn was called to the chair.

After Mr. Gunn's speech of acceptance in which the gentleman thanked his colleagues for the honor conferred upon him, very little business was brought before the board. LIVE CEDAR BLOCKS.

That is the Material the West Milwaukee Street Property Owners Desire.

They Hold a Meeting and Pass Resolutions To Be Presented to the Common Council.

All Want the Street Paved—who is To Pay for the Work?

The owners of property abutting on the West Milwaukee street pavement assembled at the council chamber last evening for the purpose of consultation relative to repaving that street. The meeting was well attended, nearly all the property owners present. The meeting was called to order by Hon. Hamilton Richardson, and on his motion E. J. Finner Kimball was elected chairman.

On motion of Captain Wm. Macleod, Hon. Piny Norcross was elected secretary. Mr. Richardson stated that he was present at the informal meeting when it was decided to call this meeting. It was brought about owing to the circulation of a petition by Marshal Hogan, asking the property owners to sign in favor of repaving that street. The petition was unsatisfactory; it failed to state what kind of pavement was to be used, or who should pay for it. The street should be paved by property owners interested in the property as well as other citizens. He moved that the council be requested to pave the street with red cedar blocks from the west coast of Michigan. Last.

M. F. S. Eldred favored Macleod rather than Nicholson, and thought it would make a better and more durable road.

Mr. Kimball favored cedar blocks, because they were one hundred per cent better to resist the action of the soil and water. The cost of transportation would be the only excess of cost, of red cedar over yellow cedar, which was raised in this state.

Dr. David Jeffries remarked that he had never seen a red cedar post in Janesville and did not believe there was a cedar load in the state of Michigan.

Captain Macleod replied that he had a red cedar post in front of his house that had stood there forty years and was in good condition now.

The cedar question was discussed at some length, and ended as it began, with a divided opinion.

Mr. Randall Williams moved that the property owners request the common council to repave West Milwaukee Street with good live cedar blocks, and that a committee of five be appointed to confer with the city council in carrying out this request. Adopted.

On motion of Hon. Hamilton Richardson, Hon. A. P. Lovejoy was elected chairman of the committee.

The meeting then nominated Captain Wm. Macleod, John Watson, D. Davies and David Jeffries, all of whom were elected as members of the committee in accordance with Mr. Williams' resolution.

Mr. Richardson moved that the duties of this committee be extended to supervise the construction of the work, and to see that the ground was in proper condition for the pavement when laid. Adopted.

Mr. Eldred moved that the council be requested to assess the cost of the pavement to the first, fourth and fifth wards, and that a committee of three be appointed to wait on the council and present the request.

This caused another lengthy discussion, and after a slight modification relating to the assessment of the whole amount against the wards named, the motion was adopted, and the meeting adjourned.

Some one at this point inquired about a sewer, but his voice was drowned by a motion to adjourn, which prevailed.

Tarbanks Soap are received in every family with great favor.

MEMORIAL DAY was as appropriately observed as the unfavorable weather would permit. Shortly after one o'clock the Cornet band, directed by G. A. R. Post, marched from Post headquarters to the park, where, despite the threatening aspect of the weather, a goodly number had congregated. After music by the band, Hon. S. C.
